

## DEATH PLAN DISCLOSED

### WILL REST Plans Ten-Day Vermont Visit

WASHINGTON, Aug. 8.—President Coolidge is going back to his native hills in Vermont for a ten days' rest, starting soon after his notification day, next Thursday, it was made known today at the White House.

There are several reasons prompting this decision. Chief of them is Mrs. Coolidge's desire to be near the grave of her son for a little while. The long weeks of war weeks, who returned from his vacation last week, strongly advised the President to seek a change and rest.

"If I go anywhere it will be back to father's," the President said, after many invitations had come to him and had been refused.

MAY HELP IN HAVING  
So it virtually is decided he will go back to the pure air of the mountains, kerosene lamps, and may be in time for the haying, an occupation in which he was interrupted a year ago by his swift accession to the White House.

The President and William M. Butler, chairman of the Republican National Committee, were in conference today soon after Mr. Butler's arrival from New York.

Mr. Butler said he had found the political situation "satisfactory and hopeful if we all take hold and do the necessary work."

Mr. Butler later announced that the President would not make any speeches outside of Washington during the campaign. The heavy work is to be left to Gen. Dawes, who will make an extensive tour.

"Chicago and New York headquarters are functioning satisfactorily," Mr. Butler said. "I am impressed with the great response to the candidacies of the President and Gen. Dawes. As I have met people and received reports from various sections I have been impressed greatly with the similarity between the campaign and the pre-convention campaign of Mr. Coolidge. There is a feeling of confidence."

Mr. Butler said that no plans have been made for the President's headquarters in the Northwest, as there has been urged by many Republican leaders in that section.

RELIANCE ON CHICAGO  
The Chicago headquarters is abundantly prepared to handle the situation," he said. "We have started already what I consider an effective campaign in the Northwest. As the campaign proceeds changes may be made."

Recent events in the Northwest have been a source of anxiety to the French delegates to the conference, and also because Mr. Herriot and Gen. Nollet are reported to be in disagreement on this important matter.

The French Premier promises to return to Paris on Monday. It is expected Mr. Herriot will confer with the members of his cabinet regarding the final agreement of the conference, and the French delegates to the conference should take on the Ruhr evacuation question and on the question of the maintenance of Franco-Belgian railroad men in the Rhineland system.

Plans for the meeting of the "big fourteen" tomorrow, but two committees will meet. Prime Minister MacDonald, the British representative, and the German delegates will meet tomorrow night or Sunday morning for East Borneo, while many of the other delegates are planning Sunday excursions preparatory to the resumption of the battle between the French and the German delegates.

## PEACE STILL MENACED, IS HOOVER IDEA

### Secretary Tells Bay City Club Europe Overarmed Despite Pact to Cut

(BY A. P. NIGHT WIRE)  
SAN FRANCISCO, Aug. 8.—The world must disarm gradually and uniformly in order that no nation may gain undue strength in the disarmament process, Secretary of Commerce Hoover said today in an address before the Commonwealth Club.

"Today finds Europe still overarmed," Secretary Hoover said. "This continues to menace the peace of the world."

Concerning international debts, he said:

"The United States feels that the other nations must pay their debts to this country as they are regarded as sacred contracts. And all of these debts will be paid."

The chief post-war problem in California, he said, is a furthering of the water storage supplies. These supplies, he said, are threatened by increasing irrigation and other uses and the strictest conservation has become necessary.

M'NAMARA ARRESTED IN ATTACK  
Convicted Dynamiter of "Times" Building Held in Indianapolis

(EXCLUSIVE DISPATCH)  
INDIANAPOLIS, Aug. 8.—John J. McNamara, convicted dynamiter of the Los Angeles Times Building, was arrested here today with six other labor-union men after it is said, one of the party threw a canister at Patrolman George Stricker, patrolling a beat in which nonunion men were working on the construction of a building.

The attack is the result of the patrolman's protecting the workers when trouble with union officials arose several days ago.

Winery Stocks of Half Million Gallons Seized  
SANTA ROSA, Aug. 8.—More than 500,000 gallons of wine and strong beverages were seized and four men were arrested in a series of raids in Sonoma county last night by Sheriff Boyes and deputies.

The largest seizure was at Sebastopol, where 300,000 gallons of wine were placed under government seal in the winery of George Liebs, who has resided at that place for forty years. Liebs was arrested and liberated on \$1000 bail.

George Schmidt of Trenton Valley and Adolph Parduoli of Cloverdale, who also operate wineries, were arrested and released on \$1000 bail each. In Rincon Valley Frank Fowl was found to be operating a still, according to the sheriff, and was placed under arrest.

## HERRIOT CALLS CABINET TO SETTLE RUHR POLICY

### Split in French Delegation at London Hinted as Premier and Aides Go to Paris

(BY CABLE AND ASSOCIATED PRESS)  
PARIS, Aug. 8.—President Doumergue is coming back to Paris from his summer residence at Rambouillet to preside Sunday over a special council of ministers, which up to early this afternoon had been an entirely unforeseen contingency in connection with the international conference in London. Premier Herriot in London decided suddenly today to return to Paris Saturday evening for a conference with his cabinet. War Minister Nollet and Finance Minister Clementel will accompany him.

The fact that the Premier arrived at his decision suddenly, after having remained for two weeks in London without taking advantage of opportunities which morning had made possible his return to resume contact with his colleagues, has caused some speculation in political circles.

The reversal of the prearranged schedule under which the cabinet was not due to meet before next Wednesday seemingly has given color to rumors reaching Paris from London of lack of harmony in the French delegation, notably between Gen. Nollet and M. Herriot.

Gen. Nollet has twice resigned from the delegation, according to reliable information reaching Paris and special attaches to the Paris newspapers say the return of M. Herriot and M. Clementel to Paris is due to the fact that Nollet insists upon the maintenance of military occupation of the Ruhr until Germany has furnished conclusive proof of her complete disarmament, while M. Herriot desires to make concessions on the point. It was pointed out in political circles tonight that a full meeting of the cabinet and the presence of Gen. Nollet and M. Clementel would be unnecessary if M. Herriot's visit was intended simply to report progress.

A dispatch to London from the Havas agency, the semi-official French news agency, says M. Herriot left Paris on Saturday night for the French delegation and that he characterized reports to the contrary as completely false. The Havas agency adds that a meeting of the ministers is set for 10 o'clock Saturday night, one hour after the return of M. Herriot, M. Clementel and Gen. Nollet.

RUHR DISPUTE BALKS WORK OF CONFERENCE  
(BY CABLE AND ASSOCIATED PRESS)  
LONDON, Aug. 8.—Premier Herriot's return to Paris tomorrow for a cabinet conference and the new agreement of the conference will be virtually suspended until they return.

M. Action by the French Cabinet was necessitated by the fact that the question of evacuation of the Ruhr is the chief obstacle to any final agreement of the conference, and also because M. Herriot and Gen. Nollet are reported to be in disagreement on this important matter.

The French Premier promises to return to Paris on Monday. It is expected Mr. Herriot will confer with the members of his cabinet regarding the final agreement of the conference, and the French delegates to the conference should take on the Ruhr evacuation question and on the question of the maintenance of Franco-Belgian railroad men in the Rhineland system.

DEATH IS WROUGHT  
Great suffering and many cases of homelessness are reported from the lower and middle sections of the central western area of the State. Destitution faces hundreds of families which have been ready for harvesting were tangled, matted and uprooted by the force of the wind, which swept the houses and barns collapsed beneath the fury of the gales. Unofficial estimates place the loss in four counties in excess of \$1,000,000, while millions additional in losses are feared where reports from other sections are tabulated. It is clear to local authorities that local resources cannot make good on the losses and that if hundreds of ruined farmers are to be set back on their feet there must be State aid.

Although the Wisconsin River Valley was warned of floods, J. T. Donaghy, State Highway Engineer, reported 300 bridges in State highways had been destroyed. Rescuers found roads everywhere blocked by fallen trees and piles of wreckage.

Eye Test Given Autoists Who Violate Rules  
CHICAGO, Aug. 8.—Violators of traffic laws in Chicago henceforth must submit to a test of their eyes. More than 250 offenders arrested yesterday were required to undergo a test, first guaranteeing ability to see twenty feet distant and second, perfect color sense. These tests, of course, do not apply to the so-called eyeless drivers who are full of moonshine, for they have no sense whatever.

In the list today were found drivers who could not distinguish between red, green and white lights. Other cases were drivers who had no good eye and the other sadly deficient. Authorities have found many cases of persons who have a vision of less than twenty feet and who are absolutely color blind. Their only guide at crossings is the action of other motorists.

The Times solves this problem by printing each morning carefully compiled lists of the best rentals in and around Los Angeles. PARIS, Aug. 8.—Germany purposely is delaying delivery of the Zeppelin being built for the United States, as the Treaty of Versailles and the inter-Allied agreement provides, in order to maintain the fast hand and sheds for constructing dirigibles at Friedrichshafen, is the statement of a French aviation authority who has visited the airship works at Lake Constance.

"Once the American Zeppelin quits Friedrichshafen and is delivered to America, Germany will no longer have an excuse for maintaining the great sheds and various factories and workshops hitherto used in building dirigibles," he said.

WILL BRING SHOWDOWN  
"Then she will be forced either to flagrantly violate the terms of the Versailles Treaty by refusing to destroy all Zeppelin properties or go ahead and raise them," he continued. "So long as Germany maintains the existing Zeppelin plant she will be able to rapidly construct dirigibles for use in warfare."

The correspondent understands that certain American military, naval and aviation officials who visited Friedrichshafen share the above view.

BERLIN, Aug. 8.—The American Embassy in a statement officially confirms the report that the American Zeppelin being built at Friedrichshafen will make a trial flight on the 25th inst. The statement says:

"The principal innovation is a new motor with 400 horsepower and the substitution of roller bearings for the more usual ball bearings. The new type motor contains no oil, and has decided innovation in field aircraft motors."

"It's so," the reporter affirmed.

"This was a play, staged for the whole city—why, yes, for the whole continent. It's got all the elements that would excite an audience over a stage play—Othman's wealth, a cloud about him, the scandalous papers, the printing; then a beautiful young woman belonging to an old, distinguished family, then the mystery about the murder itself; then Nelson Barlow's suicide and condition. Everybody's stirred up about it. Millions of dramatically excited minds, working together, will stamp a character upon her, make her name a type. Why, after half a century the name of Josephine Mansfield has dramatic significance to a great many people who could hardly recall a single public man of the day."

"This was a play, staged for the whole city—why, yes, for the whole continent. It's got all the elements that would excite an audience over a stage play—Othman's wealth, a cloud about him, the scandalous papers, the printing; then a beautiful young woman belonging to an old, distinguished family, then the mystery about the murder itself; then Nelson Barlow's suicide and condition. Everybody's stirred up about it. Millions of dramatically excited minds, working together, will stamp a character upon her, make her name a type. Why, after half a century the name of Josephine Mansfield has dramatic significance to a great many people who could hardly recall a single public man of the day."

"That's so," the reporter affirmed.

### WILSHIRE PLAY IN SEMIFINAL

Macbeth Meets Getty To in Upper Bracket

Joe Kelly Faces Thorson Other Match

Ed Merritt is Eliminated Home Green

BY CHARLES WEST

With two members having won the second round of prospects for an all-Wilshire in the Wilshire Country Club, the tournament are excepted to brighten both Norman and Joe Kelly being invited to win their semi-finals today. Macbeth, who was defeated by all the team, vanquished Ed Merritt yesterday 1 up, and meets A. C. Getty of San Gabriel today in the semifinal match in the upper of the bracket, while Kelly meets I. A. Thorson of Hollywood in the other semifinal today. Thursday by eliminating Neville, former State champ, handily from A. L. Moore, 3 to 1, Thorson had a tough match with Kelly Moore of the Los Angeles Country Club, but finally won him on the home green. While Getty seems to be playing splendid golf this week, he has not given much of a chance to Macbeth, who has held numerous titles in the past. Kelly's match with Thorson is considered a dispute of the Wilshire, a semi-tournament player, will have a hard job on his hands as he is only 17 years old, but is thoroughly familiar with the game and plays an excellent game.

### BAD START

Things looked black for Getty at the start of his match with Merritt yesterday. After the first hole had been played, Getty was 3 up, but his veteran opponent recovered and secured a match by the ninth hole. Getty gained a hole on the 10th, and after halving the 11th, the match was tied. Getty's second putt was too long, and he was 2 up. Merritt was also on the 12th, and both putts were too long, about six feet from the hole. Merritt tapped his into the hole, and Macbeth did likewise to win the match.

One of the features of the day was H. F. Elliott's battle with Gordon Williams. Elliott gave Williams two strokes, and beat him 4, in spite of the fact that the latter had a medal score. Elliott was even with Williams.

## REPORT GOOD FISHING AT LOCAL BEACHES

Reports from local beaches from Laguna to all points north told of especially good fishing yesterday. H. H. Flocking, returning from Ensenada yesterday, said that corbina were running larger there than had been seen for several years. He said spotted and croaker were large also.

## Casey to Take on Brown for Tennis Honors

TACOMA, Aug. 8.—Ray Casey, San Francisco, will meet Neil Brown of the same city for the tennis singles title of the Pacific Northwest Tennis championship tournament here tomorrow. Each won his right to the finals by a victory today in the fifth round of the tournament.

## AMERICAN WINS IN HANDBALL CONTEST

DUBLIN, Aug. 8.—J. J. Heany, American, defeated Daly of Dublin, last night, thus giving the United States the lead again in the handball singles of the Taittann games. The match was the first of three being played to decide the draw between the two countries, with three matches each in the previous competition. Heany won 21-19, 21-18, 21-14.

## RUTH CLOSING ON 1921 RECORD

CLEVELAND, Aug. 8.—The mighty Babe Ruth bore down hard today and smacked out two home runs, and a fast double, Cleveland's heaviest. The Bambino now has thirty-eight to his credit. The same time in 1921 he had forty-one. Today's feat was a coincidence in that he also made two homers on August 8, 1921.

## SNODGRASS WINS OVER BOB KINSEY

Meets Howard Kinsey in Finals of Tournament This Morning

Baseball fans at Washington Park count it a poor afternoon that somebody doesn't slam out a home run these days. Buzz Arlett, powerful Oakland hitter, pounded out his twenty-first circuit drive yesterday, the blow coming in the fourth inning with the bags empty. There have been nine homers hit in the Vernon-Oakland series this week. The lively ball makes four-base swats as plentiful as divorces these days, there being twelve hit in the big leagues yesterday. Whirlwind Finish of Local Lad Gains Verdict Over Northerner in Holly Main Event

Johnny Adams made himself a prime favorite with the rank and file of Hollywood's flit fans last night by drawing the decision over Johnny Trambitas in the Hollywood Stadium main boxing event, before a house packed to the guards. Matchmaker Tom Kennedy covered himself with glory by dishing up one of the best flit menus seen at the popular arena in some time.

## OLD NATURAL BOBS UP AGAIN

For cryin' out loud! For the fourth consecutive time, the Oakland-Vernon baseball game has had a "T" in it in this series. In other words, every game this week has had that numeral. Not only that, Sacramento is again on a losing streak. The Senators lost their thirteenth game in fourteen starts yesterday. Los Angeles turned around and beat the league-leading Seals almost as bad as they were beaten yesterday. Seattle thereby came to within a game of first place again. Portland is still gaining on Sacramento.

Buzz Arlett Hits Home Run Into Bleachers

It took ten, hectic, fluctuating innings to decide yesterday's Oakland-Vernon game, the Oaks winning out, 8 to 7, after scoring three runs in the ninth to knot the count.

Twenty-seven athletes took part in the extra-frame contest, with the Great Oaks being fortunate enough to get credit for the victory and Lefty Thomas being charged with the defeat. Both clubs used three hurlers. The Oaks gathered fifteen hits off Ludolph, Thomas and Great, while the Bengals could get but nine safeties off Kuntz, Murchio and Malla.

## BOND QUOTATIONS

Bonds Respond  
(BY A. F. NIGHT WIRE)  
NEW YORK, Aug. 8.—Reduction of the New York Federal Reserve Bank's discount rate to 3 percent lifted bond prices to higher levels today, but, except for an initial flurry, the response lacked vigor.

Brisk rallies in Liberty bonds attracted to influence exerted upon the United States government list by alteration of the bank rate. Advances ranged from 3-32 to 18-32, carrying two issues to 1924 top prices. The Treasury 4 1/2% crossed 100 to a record high.

All French government and municipal bonds surged upward, leading many other European obligations into new high ground. Closing prices were slightly under the top levels.

Bonds of the railroads involved in the Van Sweringen "Nickel Plate" merger underwent a price readjustment based on the terms which will govern their entry into the new system. Convertible issues of the Erie and Chesapeake and Ohio reacted to the "Nickel Plate" were strengthened.

The position of high-grade investment securities was improved by the lower bank rate, with attention, Northern Pacific and other railroad issues moving up.

Following are closing quotations on bonds listed on the New York Stock Exchange, furnished by Lutz & Byrnes, 60 South Spring street:

[EXCLUSIVE DISPATCH]  
RAYMONDVILLE (Tex.) Aug. 8.  
angers and other peace officers of  
the lower Rio Grande Valley re-  
on of Texas are trying to solve  
the mystery surrounding the

of a man who is believed to be the murderer R. Stamper of Detroit, Mich. Following a clue to the murder they are making search for a young woman who has red hair which is closely bobbed. As A. L. Davis of Harlingen was driving in San Antonio to Harlingen, at fifteen miles an hour, he

On a mile west of Ray-  
ville, he noticed a large Olds-  
mobile car standing by the road-  
with two cots, indicating that  
the persons had been camping  
there. He got out to investigate  
and found the body of a man  
beaten, his face bruised and  
swollen, lying

There was every indication the man had been dead for twenty-four to forty-eight hours and that a terrific struggle had taken place. The man probably had been knocked down and killed instantly, falling with his face downward.

Lewis at once came to Ray-  
ville and notified the officials.  
Several deputy sheriffs went  
to the scene and found the body  
described.

In the investigation they learned  
that the driver had been

the senseless dismissal of Harbor  
Commissioner Ludlow and paring  
away for the appointment of a  
disputed candidate, was made  
Monday at the meeting of the  
board of Harbor Commissioners,

W. D. East, chairman of the church building committee, said that the new temple of worship, erected in connection with the proposed industrial plant, will be located on a lot at Toberman and Seventeenth streets, where the property was purchased last year and valued at about \$35,000. The new structure, which is to be a modernized Colonial style building, will have a seating capacity of 1000, a Sunday school auditorium capable of seating 500 persons, a gymnasium, a social hall, a church assembly room, and six department stores. It is estimated that there are at least 1000 families in the city limits of Los Angeles and the new church will be a center for the Negro and community center for all friends of the Negro. Many of the Los Angeles, many of whom are now affiliated with the church.

**“BEN HUR” MOTHER**  
Claire McDowell to Take Part in New Spectacle  
BY KENNETH TAYLOR  
Another member of the cast of “Ben Hur” has been chosen. Claire McDowell will leave Los Angeles tomorrow on her way to Rome, where she is to assume the part of Amrah, the mother of Ben Hur. In the M-G-M production now being made in Italy, Irving Thalberg, one of the studio executives, made the announcement of the signing yesterday.

**Actual production of the picture has started under the direction of Fred Niblo, according to reports received by Louis M. Mayer.**  
The mother role is said to be of a highly dramatic character, and one that Miss McDowell is well fitted to do.

**Merry Birthday Party**  
That part of Hollywood which was not busily engaged with work yesterday made merry at a birthday party given by Betty Asher, 4 years of age, and Billy Asher, 3 years of age, at the home of E. M. Asher, vice-president of the Corinne Griffith Productions, spread the news around.

**Among the kiddies who attended were Marjorie and Buddy Lesser, Bobbie and Buddy Small, Nat Spitzer, F. J. Caroline, Frank Marguerite Cox, Billy Schroder and Ruth Wilson.**

**Doris May Returns**  
Doris May is about to return to the screen despite her announcement less than a year ago that she would permanently retire from public life. She signed a contract last night to play opposite Tom Mix in “Deadwood Gulch,” which Lynn Reynolds will direct.

**“I suppose the screen is just like the stage,” she sighed, as she made the new announcement. “Once an actress, always an actress.”**  
Miss May is not certain whether the return is to be for one picture or whether she will again engage regularly in motion-picture work.

**Vacation Is Over**  
James Morrison has returned to Hollywood, following a week's vacation spent in San Francisco. The young leading man recently completed his role as Jeremiah Frier in the production of “Captain Blood,” which Vitagraph will show this season.

**Traveling North**  
To be gone a week photographing river scenes, Corinne Griffith and her company making “Widener,” leaves tonight for Sacramento. About twenty persons will be aboard the special car which will carry the party.

**Production to Stay Here**  
New York will never be able to compete with Los Angeles in the production of motion pictures, in the opinion of Kenneth Harlan, New York-bred actor and screen star. Harlan has just returned from the eastern city, where he spent two months ago to fulfill two picture engagements.

**“Two pictures in New York were enough for me,” he states. “Not because I didn't like the pictures or the producers; everything was fine from that viewpoint. But the living and working conditions.”**

**Throng's Fill Bowl to Hear Alice Gentle**

The magic of a name made famous, the beauty of a voice beloved, again brought 30,000 persons to the Hollywood Bowl. Alice Gentle thrilled her audience, she herself glorying in bringing to life the songs which she sang.

Presenting music which is enjoyable to the multitude as well as to the few, yet withal music of high artistic standard, seems more and more to be the rule at the Bowl. William Tell, who has not heard it a hundred times, the “Sylvia” Ballet music by Delibes, the Sibelius “Finlandia” and the scintillant “Caprice Espagnole” were heard.

Miss Gentle gave first, and with brilliance, “Ritorno Victor” from Verdi's colorful “Egmont,” opera. “Aida” Following the intermission she offered “Morning” and “Cecilia” by Strauss. An ovation was tendered, and among her encore she offered “Land of the Skyblue Water,” a Mexican folksong. “Morning” by Delibes, “Oye Spinks,” and “I Cannot Sing the Old Song” were heard.

Her Strauss numbers were, in a sense, her most interesting contribution. “Morning” must have been won its name, for in musical content it is Nocturne-like; its clinging, cloying melody, the harmonies of translucent beauty, its rhythmic phrases, made it a song divine. “Cecilia” was of more vivid type, and ably interpreted. The charm of some Strauss songs will make them live forever.

Miss Gentle is seldom heard to sing advantage. She is an artist of dependable ability with an appreciation for the best, and the histrionic power to make it vital with every audience. In the Strauss “Morning” silence seemed sacred, and as she sang, the plain, far-away notes of some night bird, the crickets' chirping, all mingling with the music held one spellbound.

A broad, finely articulated interpretation was given the Sibelius “Finlandia,” the rhythmic pulsation in the first part was the salvation of the brasses. The electric moods in the “Español” and the delicious of the “Sylvia” Suite combined with the other numbers in the making of a pleasing program.

**Two Accused of Doping Broker, Diamond Theft**

Accused of obtaining a \$7500 diamond ring from Ben Boyd, bond broker, after giving him “knock-out” liquor, George Sang and Jimmie Bates, alias James Rubio, were charged with robbery by a complaint issued yesterday by the District Attorney's office. Search for the suspects was begun by Detective Lieutenants Trainor and O'Connor, and Investigator J. J. O'Connor, who were in charge of the investigation that led to the filing of the complaint.

According to Trainor and O'Connor, Boyd asserted that the two men came to his office in the Douglas Building on July 26 last, and told him they had a buyer for another diamond ring owned by Boyd. Boyd said he accompanied the men to a hotel near Seventh street and Broadway, where they said they would interview the supposed buyer. After a few drinks and a game of cards, the men, Boyd declared, he lost consciousness. When Boyd awoke, he said, his ring was gone.

**MEXICAN PROGRAM**

Tuneful Melodies of Sister Country at Bowl

Fledging a warm friendship for Mexico and Spain, and a high regard for the music and artists of these countries, the Hollywood Bowl concert tonight will be devoted to an all-Spanish and Mexican program which will be attended by several thousand Mexican residents of Los Angeles. The Mexican delegation will be headed by Senor Juan A. Saenz, Mexican Consul.

With Eduardo Vigel conducting, the orchestra will play nothing but Spanish and Mexican music. Alma Real, Mexican prima donna, soprano and beauty, will appear in native costume singing Mexican folk songs. Vigel is a composer and conductor from Mexico City. He will conduct the orchestra during the rendition of a suite of characteristic Mexican music composed by himself.

The concert is to be the most colorful of the season. Mexican flags and pennants will decorate the bowl, while the program girls will be dressed in Mexican costumes.

The Mexican folk songs, which Senora Real will sing, are “Chula Vista,” by Vigel and Roberto; “Adios, Triguena,” by the same pair; “La Hamaca,” arranged by Charles F. Langford and Arthur Farwell; “Carmen Carmela,” by Gertrude Ross and “Perjura,” by Gertrude Ross.

Vigel's suite consists of “Pony,” a scene; “Taramella,” “Infernal Dance” and “Spanish Jota.”

Rigel's Carmen suite No. 2 opens the program and is followed by Senora Real singing Puccini's prayer from “La Tosca,” a tango by Albeiz and Chabrier's “Española rhapsody.”

**ICE COOLING PLANT IS CAMEO FEATURE**

Part of the new equipment installed in the newly decorated Cameo Theater during the weeks of its renovation period was an elaborate ice-air-cooling plant. It was put into operation on the night of the opening and has been working ever since. William Cutts, who was in charge of remodeling the theater, says it works better than any similar plant he has ever installed.

“The Signal Tower,” which is the current attraction at the new showplace and goes into its second week today, is a worthy theater story, but the “optician” finds the time of watching it the most comfortable of any day, no matter what time they see it.

**TO BE CAVE GUEST**

CROP SEIZED IN  
DRUG FARM RAIDLarge Field of Marihuana  
Found at OxnardDope Plot is Camouflaged by  
Cornstalk HedgeGrowing Traffic Here Traced  
to Fountain Head

(EXCLUSIVE DISPATCH)

VENTURA, Aug. 8.—Charged with operating one of the largest marihuana farms ever discovered by authorities, J. J. Merritt, 43 years of age, was arrested today by State Narcotic Inspector Richard Earl of Los Angeles, undersheriff H. Walter and a number of his deputies.

Several bales of the weed, estimated to be worth \$15,000 at retail prices, were booked as evidence against the man.

## LARGE FIELD FOUND

According to the officers, Merritt was cultivating nearly a half an acre of the potent narcotic in a field near his home. The marihuana plants, which closely resemble a tomato vine, were concealed from passers-by by a six-foot hedge of full-grown corn stalks.

After the officers made their raid and arrested the suspect, they attacked Merritt's garden and harvested his crop, working far into the night.

State Inspector Earl stated that clues to the place were obtained when it was learned in Los Angeles that thousands of marihuana cigarettes were being placed on the market at prices ranging from 25 to 35 cents each. An operative was set to work in the Mexican border, and slowly traced the source to Oxnard.

## SOURCE OF SHOOTINGS

Several recent shootings in the neighborhood of Ventura have been attributed to gunmen lured by the use of marihuana, and the State Inspector declared that its use has grown to be as great a menace as that presented by the product of the poppy.

Realizing that the use of the weed is growing rapidly within the last few months, he said, a drive has been launched that resulted in raids at Pomona, Wilmington and San Pedro recently.

London Pastor  
to Give Talks  
at Chautauqua

PACIFIC PALISADES, Aug. 8.

An outstanding feature of the chautauqua program for the coming week is the series of lectures to be given by Rev. F. W. Norwood, D. D., pastor of City Temple, London.

Dr. Norwood speaks Sunday morning at 11 o'clock. Special music will be furnished by the Pacific Palisades quartet, consisting of Lawrence Tibbett, baritone of the Metropolitan Opera Company and leader of the quartet; Melba French, soprano; Florence Middleburg, contralto; and Ivan Edwards, tenor. Dr. Norwood speaks again at 8 o'clock, vespers in Rustic Glen. In the evening Mrs. Beulah Wright Comstock will give a lecture-reading on "Literature with a Message." All the Sunday services are free to the public.

During the week, beginning Monday, Dr. Norwood will speak each morning up to and including Friday.

Brought up in the Australian bush he went to Europe with the Australian soldiers during the World War.

## START IMPROVEMENT

Dredgers at Work Enlarging Long  
Beach Harbor

By a "Times" Staff Correspondent

LONG BEACH, Aug. 8.—After

numerous delays the city today began the spending of the \$5,000,000 authorized several months ago by the voters here for harbor improvements. The giant dredger Turbine, said to be the largest craft of its kind on the Pacific coast, took up its position this morning and began the work of deepening and widening the entrance channel to Long Beach Harbor, this step being regarded as necessary in order to clear the intake at the Southern California Edison plant on Terminal Island.

The particular task of the big dredger, however, is the deepening of the turning basin to thirty-two feet and it was said today the Turbine will work its way rapidly a distance of 150 feet into the turning basin, where the real work should commence within a few days.

Dredgers owned by other companies holding contracts for harbor improvements here, will be on the scene of activities soon, it was declared, and the entire program for making Long Beach Harbor a world port will then be in full swing.

STEAL PANTS AND PIES

(LOCAL CORRESPONDENCE)

HUNTINGTON PARK, Aug. 8.

While L. H. Stewart was sleeping in a bedroom at his home on Santa Fe avenue, early yesterday morning, some one entered his residence, removed his trousers from a bed-post and stole \$70, after which they threw the garment in a sink.

Across the street at the home of Gordon Smith, they forced their way through a screen-porch door and were frightened away by a dog, which was in the kitchen. They removed two pies from the ice box before going. The Holman Art Store at Benton Wash front doorlock pried off, but nothing was stolen.

Relatives of Dead Man Not Satisfied With Coroner's  
Theory of Death by Suicide

(EXCLUSIVE DISPATCH)

SANTA BARBARA, Aug. 7.—Though a verdict of suicide was returned at a coroner's inquest and the verdict has been formally accepted, several circumstances surrounding the death of Arthur Cadwell, wealthy Carpinteria rancher, found dead in his home this morning with a bullet wound in his abdomen, have given rise to the theory of murder and relatives of the dead man have declared themselves unsatisfied with the verdict.

DEFENSE IS

EXPERIMENTSan Diego Mayor Favors  
Movement Sponsored by  
President Coolidge

SAN DIEGO, Aug. 8.—In a public announcement today explaining the purposes of national defense day, Mayor John L. Bassett said he would appoint a committee tomorrow to take charge of local arrangements.

"National defense day is simply testing of the ability of the Federal government to communicate quickly with individuals," the Mayor said. "It is a day when a warlike demonstration is to be held, but one that will show national defense is in the hands of the citizens themselves, and that there are men, just ordinary citizens, who are ready to be trained to realize the responsibilities which fall upon them in case of national emergencies."

"We train men to fight fire, and carry fire insurance, to guard against fire loss that we hope may never occur. National defense day is along this line. It is to help make people up to the sacrifice demanded by war and to provide that if such sacrifices ever must be made it shall be done at the lowest possible cost."

Arrange Seats  
for Guests at  
Snake Banquet

(EXCLUSIVE DISPATCH)

SAN DIEGO, Aug. 8.—Sunday

afternoon, Diablos, the twenty-three-foot python at the San Diego Zoo, will be given his third meal of the year, and to accommodate the crowds which desire to witness the event, the zoo officials have arranged to stage the feeding in the stadium.

Diablo, following the custom of all pythons in captivity, must be fed by the use of a snake. It is given the big fellow at one sitting to last him about three months. On the occasion of the feeding, the zoo grounds were crowded with spectators, and it was decided to hold the next stunt in the stadium, where a large crowd could get a good glimpse of the operation.

A thirty-five-pound goat, reduced to the proper consistency, will be forced down Diablo's throat. Twenty-three men will be required to hold the snake, which is about every foot of the writhing creature. With the aid of a large horse and a sausage machine, the goat will be propelled into Diablo. After that he will curl up and go to sleep for another three months.

PASADENA, Aug. 8.—Climaxing a spirited convention, R. B. Hawcroft of Reno, Nev., was today elected president of the Pacific Coast Association of Fire Chiefs at the final session of the thirty-first annual convention which closed here this afternoon. Chief Hawcroft, as vice-president of the organization, acted as presiding officer during the convention. Following a hotly contested election and narrow vote, Seattle was selected as the 1925 convention city of the association. In addition to Seattle, strong bids were made by San Francisco and Bellingham.

Appointment of the executive committee for the ensuing year was made by President Hawcroft. The personnel named were: Chairman, Chief John C. Boyd, Wallace, Idaho; Chief Parker, Arizona; State Fire Marshal Brooks, Montana; J. F. Dunn, New Mexico; Chief Schaefer, Nevada; Chief Thomas H. Bend, Or.; Chief Bywater, Utah; Chief Hawkins, Yakima; and Chief Joseph Kale, Wyoming.

The other cities awarded the Governor's trophy are Phoenix, Ariz.; Wallace, Idaho; Havre, Mont.; Wood of Benton Wash.; Roslyn, Wash. and Lethbridge, Alta., Canada.

Chief Scott of Los Angeles was named as State vice-president for the coming year. Other State vice-presidents elected are as follows: Chief John C. Boyd, Wallace, Idaho; Chief Parker, Arizona; State Fire Marshal Brooks, Montana; J. F. Dunn, New Mexico; Chief Schaefer, Nevada; Chief Thomas H. Bend, Or.; Chief Bywater, Utah; Chief Hawkins, Yakima; and Chief Joseph Kale, Wyoming.

## ALHAMBRA IS HAPPY

City Receives Word That an Independent Postoffice  
is to be Established There

(LOCAL CORRESPONDENCE)

ALHAMBRA, Aug. 8.—This city will no longer be a branch

of Los Angeles, but will have an independent postoffice, not later than October 1.

Word that Washington had approved the establishment of an independent postoffice here was contained in a telegram from Postmaster General John H. Bartlett to Congressman Walter L. Bieringer of Long Beach. Bieringer, who is now on his way home from Europe, telephoned the news to the local Chamber of Commerce today.

Alhambra, rejoicing over the news of the favorable decision of the Postoffice Department and the Chamber of Commerce, is receiving warm congratulations over the success of the drive.

The fight for an independent postoffice and better postal service in Alhambra started more than a year ago. From time to time petitions were forwarded to Washington and strong efforts were made to secure favorable consideration from officials.

No progress was made until about a year ago, when the stand was taken by a special representative of the Chamber of Commerce. With the aid of the three official delegates, a successful move was made from the small postoffice to the new building.

It was agreed at that time that Alhambra would wait a year, and then, if the drive for an independent postoffice was not successful, to petition for a branch postoffice.

With the grand growth of the city, however, it became apparent several months ago that an independent postoffice was needed, and a special committee was appointed by the chamber to conduct a campaign.

Miss Blatt declared that the "movie" she had ever dreamed of was the one in which an American was invariably depicted chewing gum. The visitor was greatly surprised on her arrival in the United States to find gum-chewing girls no more prevalent here than in her own country.

Miss Blatt is accompanied by her mother, Mrs. R. Blatt, and two expect to spend some time with their brother and son, R. J. Blatt, who several months ago was sent here by the South African government to study the citrus industry of Southern California, and who at present makes headquarters at the government citrus experimental station at Riverside.

SCHOOL-BOND ELECTION (EXCLUSIVE DISPATCH) BAKERSFIELD, Aug. 8.—An election to vote on the proposed issuing of bonds for an \$11,000 school building in the Union-avenue school district will be held Monday. The old schoolhouse is a one-room building and has been condemned by a portion of the taxpayer community as unsanitary, in poor condition and inadequate for the present attendance, which is thirty students.

P. P. Allen, one of the three trustees of the district, is Everett Kimble, clerk of the board, and William Hitchcock.

VENICE JUDGE EXILES EIGHT MEN FROM CITY TO LIQUOR CHARGE (EXCLUSIVE DISPATCH) SANTA MONICA, Aug. 8.—Of the seventeen persons arrested in dry raids Tuesday night only one entered a plea of not guilty before Police Judge W. R. Garrett today. Theodore Washburn, arrested on charges of selling liquor to two persons on Pier avenue, told the judge he was not guilty. He is at liberty on \$1000 bail to appear for trial tomorrow. George Novak, 3500, when they entered a plea of guilty this morning. Marion Monroe, arrested at Pier avenue and Speedway, was fined \$500 for violation of the local liquor ordinance.

By a "Times" Staff Correspondent VENICE, Aug. 8.—J. White, C. R. Turner, J. Goodnight, A. B. Holder, William Russell, F. Auck, Tom McGregor and J. Kelly this morning were called from the city for periods of six months to one year. The action is the concentrated effort of the police department to rid the city of undesirable. A charge of disturbing the peace against William Stallard was dismissed before Police Judge William. The judge, in passing sentence in the case of Stallard, said that the city should be rid of the kind of men who would be sentenced to serve a term in the County Jail.

Kelley, Cheshire, ousted from the police department more than three months ago for his affiliation with the Klan, was reinstated as patrolman today, according to Chief of Police Charles H. Kelley. Kelley, with four other officers, was asked to resign from the department following a statement issued by City Manager C. W. Kolner to the effect that Klansmen would not be allowed in the force. Cheshire refused to make a statement this afternoon.

Real Estate  
Dealers to  
Hold Picnic

By a "Times" Staff Correspondent

LONG BEACH, Aug. 8.—For one

day in the entire year Long Beach real estate men will pause tomorrow from their continuous task of telling new arrivals about the merits of Long Beach real estate long enough to hold their annual picnic.

The double affair is to be held under the auspices of the Long Beach Board of Realtors and more than 100 automobiles are scheduled for service in the parade through the downtown streets.

A picnic will be held at Recreation Park, the city's new 340-acre playground, at the same time more than 50,000 folk from the State of Iowa are to gather in "Bixby Park" for their annual outing and picnic.

The distance between the two parks is approximately five miles and tomorrow, it is said, is the first time in the history of Long Beach that its horde of real estate men will be seen in a parade.

At the same time, a program of athletics with a baseball game and a basketball game will follow the luncheon of the realty men.

UPLANDS, Aug. 8.—That she

WOMAN'S DEATH  
STARTS INQUIRYMrs. Sadie Jordan Met End  
in Rainier ParkFell 120 Feet from Trail,  
According to ReportHusband Held at Long Beach  
on Bigamy Charge

(EXCLUSIVE DISPATCH)

LONG BEACH, Aug. 8.—The United States District Attorney in the State of Washington has launched an independent investigation into the death in Rainier National Park on July 25 last of Mrs. Sadie Jordan of Long Beach, according to advice received here today by Long Beach police.

The dead woman's husband, John Jordan, is being held here on a charge of bigamy and is said by local police to have had seven wives, three of whom died under mysterious circumstances.

Suspicion on the part of O. A. Tomlinson, superintendent of the Rainier Park, that Mrs. Jordan's death may not have been accidental, as asserted by Jordan, has been strengthened. Tomlinson advised local police today by the result of the investigation being conducted here by Detective Sergeants Smith and Lebaron.

"As stated to you in my letter of July 27 last, I did not feel satisfied with letting the case rest with the mere statement of the husband. Your letter confirms my suspicion that the death of Mrs. Jordan may have been accidental."

Tomlinson's letter to the local officers stated.

The national-park officials have turned the case over to the United States Attorney with a request that the death of Mrs. Jordan be thoroughly investigated, he advised local police.

Mrs. Jordan met her death by an accidental fall from the Vancouver Trail, a distance of 120 feet to the rocks below, according to the story told by Jordan to the park authorities. Jordan married the victim of the park tragedy in Long Beach on February 2 last.

Jordan, in his cell in the City Jail here today, began his two-day task of writing a story of his life, in which, he promised police, he would include his two previous marriages and his many marital adventures, will disclose the names of women whom police have been seeking and will explain every act which might be construed as a violation of the law.

DISMISSED ATTORNEY The biplane suspect dismissed his attorney, Roderick Sherwood, yesterday after advising the latter that he would withdraw his plea of insanity and plead guilty to the charge of manslaughter. Jordan would not state whether his story of the Rainier National Park tragedy in which Mrs. Jordan was killed would differ from the one given by park officials and forest rangers during a three-day grilling in Washington immediately after the tragedy. Jordan's body was recovered by park employees.
